

Roosevelt Dads' Club Meeting Minutes

Thursday, October 16, 2008

Principal's message:

Beautification day will be Nov 8. The procedure going forward is to give the district 30 days notice. Two maintenance members are allowed to work that day and the local maintenance crew gets first right of refusal.

Victoria went over allowable items: painting of classrooms is out, gardening is wide open. The work list is essentially dictated by doing things the maintenance crews normally do. Filling in and reseeding some of the holes in the yard is on the list. The date will be advertised in the newsletter. All tasks need to be started and completed on the day. Dad's club will create a flyer for b-day.

Help is needed with getting umbrella stands locked down. They are too cumbersome to haul out every day.

Marquis: Newsletter dates will define what belongs on the marquis. PTA and Dad's club meetings could be permanent items with the dates changing.

First hornet hustle on Oct 29.

Marianne and Festival Report:

About 300 kid packs turned in, some donations are still outstanding. \$4190 was taken in on the day of the festival and the net was \$1266. AC transit committed to donate \$1000, have sent in \$500 and are planning to send another \$500. 149 sibling tickets were turned in.

Treasurer's Report:

The festival was about break even:

Expenses \$1701

Income \$1759

The balance as of the meeting was \$11761

Beautification update:

Current work items - we're looking for crew leaders in each of the areas.

- 1.Landscaping
- 2.Wash windows
- 3.Interior and exterior painting
- 4.Kindergarten bathrooms
- 5.Regular cleanup of yard

Roosapaloosa

It was decided to change the name from Rooseveltpalooza.

Several members agreed that the price seems a little excessive maybe \$20

gets a couple drink tickets included.

In the flyer we should include that parking is free.

Ben Frager will look into getting a break on the price of the zoo bldg.

Dad's club is going to sponsor a taxi service for the event.

Go Green Initiative:

Rob would like to maximize recycling at all school events.

It was also mentioned that additional help could be used collecting compostables at lunchtime.

Meeting adjourned at 7:30
